

STAND UP AND MOVE ON

Luke 15:11-24

We all make mistakes on our various journeys to greatness. What separates great minds from little minds is the way each react to their mistakes. Many have a contrary attitudes to the way they react to their mistakes. Some stay and weep over it while some express their discouragement and frustration.

It is humane to make mistake but how we handle it is what really matters. The prodigal son had a better reaction to his mistake which made his end better than his beginning.

Everything said about the prodigal son had always been negative but there is more to learn from him. There is a way he thought that I would want us to think. I consider him to be a young man with a great mind. He was the younger son, yet, he was bold enough to take a risk. Though he failed, he still tried. He made me conclude that it is better to take risks and fail than not to take risk at all.

I have come to announce to you that irrespective of what you're going through now, your best is yet to come if only you will do what the prodigal son did - look out for ways of turning your mistakes into miracles and your misfortune into great fortune. The fact that you have failed does not make you a failure. Successful people are not those without mistakes, they are those who have made more mistakes than the failures.

Most of us see failure as final which is why many are still where they are. The fact that you have fallen does not make you a failure. Falling makes you get up and become stronger. It is time to stand up from where you fell and move on. God has greater things ahead for you.

You can't afford to stay on the ground, wasting your precious time complaining. The prodigal son got up and moved on. His latter end was better than his beginning.

I pray the Lord will empower you to turn your mistakes to miracles. He will turn your captivity around and give you an outstanding testimony of new beginning, in Jesus' matchless name.

You are Great!

HYMN MY FAITH LOOKS UP TO THEE

1 My faith looks up to Thee,
Thou Lamb of Calvary,
Savior divine!
Now hear me while I pray,
take all my guilt away;
O let me from this day
be wholly Thine.

2 May Thy rich grace impart
strength to my fainting heart,
my zeal inspire;
as Thou hast died for me,
O may my love to Thee
pure, warm, and changeless be,
a living fire.

3 While life's dark maze I tread,
and griefs around me spread,
be Thou my Guide;
bid darkness turn to day,
wipe sorrow's tears away,
nor let me ever stray
from Thee aside.

4 When ends life's transient dream,
when death's cold, sullen stream
shall o'er me roll,
blest Savior, then in love,
fear and distrust remove;
O bear me safe above,
a ransomed soul.

**PROTECT YOUR HEART –
SIMPLE DAILY HABITS**

**HOW CAN I
PROTECT
MY HEART
DAILY?**

Start with healthy eating. Choose more fruits, vegetables, whole grains, and lean proteins while reducing salt, sugar, and processed foods. Drinking enough water also supports proper blood circulation and overall heart function. Next, stay active. You don't need intense workouts—just 30 minutes of brisk walking, stretching, or light exercise daily can strengthen your heart and improve blood flow. Even taking the stairs or walking short distances instead of driving helps. Manage stress effectively. Daily pressures from work, finances, or family can strain your heart. Take time to relax—practice deep breathing, prayer, meditation, or simply unplug from stress triggers for a few minutes each day. Get enough rest. Aim for 6–8 hours of quality sleep each night. Poor sleep can increase your risk of heart problems, including high blood pressure. Avoid harmful habits like smoking and excessive alcohol consumption, as these significantly increase heart disease risk. If you already smoke, reducing gradually and seeking support can improve your health. Also, monitor your health regularly. Check your blood pressure, blood sugar, and cholesterol levels, especially if you have a family history of heart disease. Finally, maintain positive relationships. Spending time with loved ones and building a support system improves emotional well-being, which is closely linked to heart health. In summary, protecting your heart is about daily consistency—eat well, move more, rest enough, manage stress, and make mindful choices. Your heart will thank you for it.

Join Us in this Kingdom expansion project the church is in need of 100 Dozens of chairs to accommodate more members and replace the worn out ones at the overflows. A family already gave 25 Dozens and we don't want you to be left out of the blessing. A Dozen cost N94,800, and the total project is N7,110,000. Whatever God lays in your heart will be appreciated.
